EL SERIES

March 2024

The New EL Series SC60040 Single IBC and SC60050 Double IBC spill containers are the ideal way to manage static spill situations safely and efficiently.

Designed to manage a single IBC or a two IBC's side by side, these spill containers are made from high strength polyethylene and are built to last in tough working areas.

These spill containers are designed to be easily moved around by most forklifts and can be easily stacked and stored away when not in use.

Both spill containers are yellow for easy identification and have a sump plug for easy draining and emptying.

The EL Series SC60040 and SC60050 IBC spill containers help create the ideal OH&S compliant workplace environment for busy oil operation businesses.
