## ST2-60-YE-BK 60L Spill Tray with Platform

June 2020

The ST2-60-YE-BK 60L Spill Tray with Platform is ideal for storing oil and chemical containers, fuel cans and general fluids in workshops, warehouses, garages, farms, construction sites and council depots.

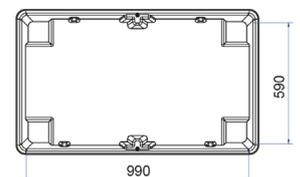

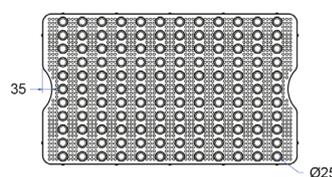

The yellow platform has a slip resistant surface, hand inserts, 25mm diameter viewing holes for inspection or pump insertion and can be easily removed for storing containers within the tray itself.

The integrated feet allow for forklift access and the unique nestable design allows stacking (without the platform) for multiple units when in storage.

Easy to clean and manufactured with 100% recyclable PE, the ST2-60-YE-BK 60L Spill Tray with Platform is a must for the safe handling and storage of oils, chemicals, fuel and a variety of fluids in the workplace.

### SPECIFICATIONS, FEATURES AND BENEFITS

- Safe storage and spill containment of oil, fuel, chemical and general fluid containers
- Innovative and efficient stacking and storage ability
- 100% recyclable polyethylene construction
- Fluid capacity of 63L
- Integrated feet facilitate easy forklift access
- Non-skid removable platform
- Can be used without the deck in place
- Deck incorporates hand inserts and holes for inspection and pump insertion
- Fully recyclable, chemical resistant, UV stabilised PE
- Dimensions: 265mm (H) x 1000mm (W) x 600mm (D)
- Load weight of 225kg
