

SAW200

Air hose reel – 13m x 12mm ID

June 2021

The Alemlube SAW200 air hose reel is a quality hose handling, retrieval and storage system offering great value for money and is supplied with PVC hose, crimped hose ends, integral carry handle and detachable mounting bracket.

Manufactured from high density impact resistant and UV stabilised polypropylene, the SAW200 features a positive latching system that automatically locks the hose at the desired length. The heavy duty internal spring assembly easily retrieves the hose when partially or fully extended.

Suitable for use in the agricultural, automotive, manufacturing, contractor and transport sectors, the SAW200 air hose reel is ideal to use with drills, impact wrenches, angle grinders, ratchets and tyre gauges.

Mountable on the wall, floor or ceiling, the SAW200 is engineered to go the distance even when put to work in the most demanding applications.

SPECIFICATIONS, FEATURES AND BENEFITS

- High flow swivel & fluid path
- Detachable steel mounting bracket enables 180° hose reel rotation
- 13m x 12mm ID PVC hose & 0.9m lead in hose
- 1/2" BSPT inlet/outlet
- Maximum working pressure: 300 psi (20 bar)
- Working temperature: 0°C ~ 60°C
- Impact resistant UV stabilised covers for maximum durability
- Automatic & positive latching mechanism
- Can be mounted on the wall, floor or ceiling
- Weight: 10kg
- Dimensions: 490mm (L) x 448mm (H) x 228mm (W)
