670AN3

450g 18V Lithium-Ion Cordless Grease Gun

The new 670AN3 450g 18V Lithium-Ion cordless grease gun is ideal for high volume applications requiring high pressure greasing and can be used to dispense grease from up to twenty four 450g cartridges before changing over or recharging the battery. The 670AN3 is capable of generating grease pressures of up to 8,000psi and delivers up to 170g of grease per minute. Alemlube's 670AN3 450g 18V Lithium-Ion cordless grease gun is supplied with two Lithium-ion batteries, a 240V one hour fast charger, cartridge holder, 90cm long grease gun flex, heavy duty coupler, plastic molded carry case, LED flashlight and convenient shoulder strap. Combine the versatility of three way loading, 450g cartridge, bulk grease or filler pump (requires optional loader fitting 322610), with Alemlube USA design and engineering and the result is the key to efficient plant and machinery greasing.

PRODUCT SPECIFICATIONS, FEATURES AND BENEFITS

Dispenses up to twenty four 450g cartridges of grease before battery change over

Capable of delivering up to 170 g/min

Generates grease pressures of up to 8,000psi

High torque 18V motor

High capacity 18V/3000 mAh Lithium-ion battery

2 x Lithium-ion batteries supplied as standard

Ergonomically balanced and lightweight at 3.5kg (when empty)

Suitable for use with grease up to NLGI2

Complete with 90cm flexible extension and heavy duty coupler

Three way loading

Equipped with low battery and stall indicator lights

LED flashlight included

Spring-primed and includes an air bleed valve to aid priming

Additional batteries available (part no. 343151)

Sound pressure level: 72.3 dB(A)
