

## Alemlube Lockable Diesel Refuelling, Storage & Dispensing Kits

December 2023

### The new Alemlube range of large Lockable Diesel Refuelling, Storage & Dispensing Kits are available in diesel fuel capacities of 1,200L, 1,000L and 800L.

Australian made and designed, these locally manufactured tanks are made from a heavy duty & robustly constructed polyethylene and have a 15 year warranty as proof of quality.

Offered in 2 pump configurations – 80L/min high flow and 40L/min standard flow, each kit comes complete with a Piusi 12V diesel pump, 4m of antistatic fuel delivery hose, 2 metre battery cables and an auto shutoff nozzle and metered & unmetered options.

There are twelve models available – six with a dispensing kit capable of flow rates of up to 80L/min and six with a dispensing kit capable of flow rates of up to 40L/min, metered & unmetered.

The unique design of this new range allows the hose and nozzle to be fully usable even when the lid is closed and locked increasing security of dispensing kit components and diesel management. This feature also reduces foreign particles and other elements from contaminating the pump housing compartment when in use.

Ideal for onsite use or in a service vehicle, the new Lockable Diesel Refuelling, Storage & Dispensing Kits are easily transported from one location to another and provide a convenient on demand system for diesel fuel transfer wherever the need arises.

### SPECIFICATIONS, FEATURES & BENEFITS

- Flow rates of up to 80L/min on the high flow models
- Flow rates of up to 40L/min on the standard flow models
- Metered & unmetered automatic nozzle models available
- Australian made, heavy duty, robustly constructed polyethylene tank
- Self-priming Piusi Italian made 12V electric pump with on/off switch with 2 year warranty
- Unique user-friendly design with lockable lid to aid diesel fuel & dispensing kit security
- Internal baffles aid load stability & reduce tank wear & tear
- Dispensing kits consists of a Piusi 12V pump, 4m antistatic fuel delivery hose, 2m battery cables & automatic shut off fuel nozzle, metered or unmetered
- Forklift lift points & tie down capability
- Suitable for storing & dispensing diesel fuel only

#### Dimensions

##### L1200:

1,700mm (W) x 1100mm (H)  
x 999mm (D)

##### L1000:

1,700mm (W) x 950mm (H)  
x 999mm (D)

##### L800:

1,420mm (W) x 950mm (H)  
x 999mm (D)

Part Number	Capacity	Flow Rate
L120080PA	1,200L	80L/min
L120080PAM	1,200L	75L/min
L100080PA	1,000L	80L/min
L100080PAM	1,000L	75L/min
