

SG800 Grease Hose Reel

June 2021

The Alemlube SG800 grease hose reel is a genuine industrial quality hose handling, retrieval and storage system with highly flexible and durable S.A.E.100R2 rubber hose, crimped hose ends, integral carry handle and detachable mounting bracket.

Manufactured from high quality impact resistant and UV stabilised polypropylene, the SG800 oil hose reel features a positive latching system that automatically locks the hose at the desired length. The heavy duty internal spring assembly easily retrieves the hose when partially or fully extended.

Suitable for use in the agricultural, automotive, manufacturing, contractor and transport sectors, the SG800 oil hose reel from Alemlube will provide you with a reliable and cost effective means of storing and retrieving hose assemblies in your workshop or in the field.

Mountable on the wall, floor or ceiling, the SG800 is engineered to go the distance even when put to work in the most demanding applications.

SPECIFICATIONS, FEATURES AND BENEFITS

- 10m x 6mm ID S.A.E.100R2 rubber hose
- Impact resistant UV stabilised covers for maximum durability
- Automatic and positive latching mechanism
- 1/4" BSPT(m) inlet and outlet
- Maximum working pressure of 5,000psi (345 bar)
- Working temperature range from -30°C to 100°C
- Steel spring & Buna 'N' seals
- High flow swivel and fluid path
- Can be mounted on the wall, floor or ceiling
- Detachable steel mounting bracket enables 180° hose reel rotation
- Dimensions: 490mm(L) x 448mm(H) x 228mm(W)
- Weight: 15.6kg
