# 611210

## Piusi 1" BSPF Diesel Filter with Clear Plastic Bowl - 70 L/min

The 611210 Piusi 1" Diesel Filter with clear plastic bowl is a cartridge filter with a transparent container and removable inner cartridge that can be applied on both suction and delivery. The water absorbing cartridge shows the amount of impurities or water present in the transparent container. The water or impurities are emptied via a valve at the bottom of the container. The 611210 filter guarantees the fundamental protection of motors using diesel and has a maximum flow rate of 70 L/min. The 611210 Piusi 1" Diesel Filter with clear plastic bowl is popular amongst high flow pumping systems and is installed simply by spinning on the cartridge making replacing the filter an easy task.

### PRODUCT SPECIFICATIONS, FEATURES AND BENEFITS
