

600AS

Underground Coal Mine Lever Action Grease Gun

June 2022

The 600AS Underground Coal Mine Lever Action Grease Gun provides superior performance and delivers more grease on demand where you need it.

Capable of generating grease pressures of up to 12,000psi (828bar) and delivering up to 1.6cc of grease per stroke, Alemlube's 600AS lever action grease gun offers the Twin Lock System that seals the piston and eliminates the possibility of dummy lubrication. Free of external aluminium components, the 600AS is suitable for use in underground coal mines.

Furthermore, the patented Ever-Flow System enables the gun to be used even with most thick, tacky greases up to NLGI3.

Reliable, dependable and genuinely heavy duty, the 600AS is manufactured with a light weight and compact aluminium die cast head assembly, a four jaw coupler and a rigid extension.

Always a grease gun of choice, the 600AS with 4-year warranty is guaranteed to perform and exceed your expectations.

SPECIFICATIONS, FEATURES AND BENEFITS

- Develops up to 12,000psi (828bar)
- Delivers up to 1.6cc of grease per stroke
- 450g capacity
- Capable of dispensing greases up to NLGI3
