ST1-10-YE-BK

10L Spill Tray with Platform

June 2020

The ST1-10-YE-BK 10L Spill Tray with Platform is ideal for storing small containers of chemicals for example in workshops, warehouses, garages, farms, construction sites, education facilities and laboratories.

The yellow platform has a slip resistant surface, hand inserts, 25mm diameter viewing holes for inspection or pump insertion and can be easily removed for storing containers within the tray itself.

The unique nestable design allows stacking (without the platform) for multiple units in storage.

Easy to clean and manufactured with 100% recyclable PE, the ST1-10-YE-BK Spill Tray with Platform is a must for the safe handling of chemicals and a variety of hazardous, flammable fluids in the workplace.
