## 597F 20V Lithium-ion Cordless Grease Gun - 400g

August 2020

The 597F 20V Lithium-ion Cordless Grease Gun from Alemlube is an innovative grease gun with built in intelligence and a new and powerful 4.0Ah battery as standard. The only cordless grease gun kit complete with charger and 4.0Ah battery on the market ready to go, the 597F can dispense up to 39 x 400g cartridges per charge.

It's smart too. An LCD shows real time battery capacity, grease level, grease metering information, loss of priming and stall warning with the press of a button to assist the user in always being prepared to have a fully operational grease gun at hand to be active on the job.

Two Lithium-ion batteries are supplied with the 597F, 1 x 4.0Ah and 1 x 2.5Ah, with fast recharging so you'll never be without greasing power to complete your ongoing work.

Lightweight and ergonomic, the 597F is supplied complete with a 900mm long grease gun flex, a heavy duty coupler and has the versatility of three way loading; 400g cartridge, bulk grease or filler pump. And, a skin version (597F-SKIN) without battery can also be purchased to assist in having varying grease grades on hand and ready to swap over or use the additional battery.

Furthermore, a 450g version is also available as the 670AN5 to suit all Australian sized grease cartridges.

Protected in a durable plastic moulded carry case, the 597F 20V Lithium-ion Cordless Grease Gun provides you with an intelligent and trouble-free high pressure, high volume greasing solution.

### SPECIFICATIONS, FEATURES AND BENEFITS

- Powerful 4.0Ah battery plus 2.5Ah spare battery standard
- Delivery rates of up to 170 g/min
- Grease pressure of up to 10,000psi (690bar)
- Up to 39 x 400g cartridges per battery charge
- Dual flow rates: 113 g/min and up to 170 g/min
- LCD for real time battery capacity, grease level and metering
- Loss of priming and stall warning indication
- Fast recharger time of 2 hours, LED light with on/off control
- Suitable for use with grease up to NLG12
- Three way loading: 400g cartridge, bulk grease or filler pump
- Ball and needle bearings
- Curved slot yoke optimises mechanical efficiency
- Case hardened piston for wear and bend resistance
- Impact resistant LCD lens and impact absorbing bezel
- Patented air flow management optimises motor and transmission life
- Shape, weight and balance designed for less physical strain
- Fast effortless greasing guaranteed
