Fast Funnel® 250ml Disposable 3 Pack

FF01-0140

Fast Funnel® 946ml Disposable 3 Pack

October 2021

The Alemlube disposable Fast Funnel® range is designed for convenience and on demand use with virtually any liquid or powder for many applications in the workshop, warehouse, retail outlets or around the home.

Manufactured with a coated heavy grade paper stock, the Fast Funnels® are available in two capacities, 250mL (FF01-0132) and 946mL (FF01-0140).

Designed to fit a wide variety of openings, the disposable funnels are folded flat in a pack of three for practical storage so they can be kept close to where you might need them at any time. For example in a drawer, workshop bench, glove box, toolbox, pocket or just about anywhere.

The FF01-0132 Fast Funnel® and the FF01-0140 Fast Funnel® can significantly assist in protecting the workplace and environment by reducing spills in everyday pouring activities.

SPECIFICATIONS, FEATURES AND BENEFITS
