## Mobile Waste Oil Extractor/Drainer

The 30101 mobile waste oil extractor/drainer from Alemlube is supplied standard with a height adjustable waste oil collection bowl and a 12 litre clear inspection chamber allowing the user to quickly and easily monitor the waste oil extracted from engine crankcases, transmissions and differentials. With a holding tank capacity of 80 litres the 30101 has been designed to safely transfer and capture waste oil which can then be emptied from the machine with the aid of air pressure. The 30101 transfers waste oil at a rate of 6.5 litres per minute and the air pressure for the vacuum operates at 120psi (8.2bar) and low noise level. Inclusive of a safety valve to avoid over pressurisation, a large tray for tools, washers, filters etc., two reinforced 4" castors and two 6" reinforced reels the 30101 mobile waste oil extractor from Alemlube is covered by a twelve month warranty and is sure to provide years of reliable service.

### PRODUCT SPECIFICATIONS, FEATURES AND BENEFITS

Extracts and captures waste oil from crankcases, transmissions and differentials

Clear inspection chamber capacity of 12L

Collection bowl capacity of 20L, diameter of 420mm

Holding tank capacity of 80L

Suction speed of 6.5 L/min

Suction hose specification of 1/2" x 2000mm

Draining hose length of 1" x 2000mm

Draining pressure of 14psi (1bar)

1/4" air inlet connection

12 month warranty

**Also available 30100 as above without clear inspection chamber**

- |                                   |   |
