SGRW510

Garden Hose Reel – 16m x 12mm ID

The Alemlube SGRW510 garden hose reel is a quality hose handling, retrieval and storage system for general garden and washdown use around the home and in business.

Supplied with PVC garden hose, hose quick connector, water nozzle, integral carry handle and detachable mounting bracket.

Manufactured from high density impact resistant and UV stabilised polypropylene, the SGRW510 features a positive latching system that automatically locks the hose at the desired length and the heavy duty internal spring assembly easily retrieves the hose when partially or fully extended.

Suitable for all general watering and washdown activities around the home or in business, the SGRW garden hose reel is easily and quickly installed on the wall utilising the supplied detachable steel bracket that allows the reel to rotate up to 180°.
