## Alemlube Automotive Air Conditioning Leak Detector

December 2021

**The AAPACLD134A Alemlube Automotive Air Conditioning Leak Detector operates with 3 levels of sensitivity and can identify leaks as small as 3g/year shown on its 7 LED tri-coloured visual leak level indicator.**

The AAPACLD134A senses all R134a, R404A, R410A, R600A, R290, R407C, R22, R32 and HFO-1234yf refrigerants and is supplied standard in a high quality moulded carry case ensuring protection and longevity of the detector.

Powered by 4 x AA size batteries, the AAPACLD134A Alemlube Automotive Air Conditioning Leak Detector is ready to use in 45 seconds, has a battery life of approximately 7 hours and features low battery indication.

The ideal workshop tool to keep on top of essential services ensuring vehicles are safe and comfortable on the road.
